

## Printing Student Usernames/Passwords

1. Click the “Roster” tab.
2. Click the “Classes” sub-tab.
3. Click “Edit” next to your class name.
4. Click the “Print Passwords” button and print the pdf document that is created.

Your account administrator has chosen to have i-Ready automatically synchronize with your Student Information System (meaning that the student, teacher and possibly class enrollment information in i-Ready is driven by changes in your SIS). Some changes you make here will be maintained, while others may be overwritten. Please consult the User Guide on the Resources tab for more details.

The screenshot shows the 'Class Details' form with the following fields:

- Class Name: K-MATH - JONES - 02-98561
- Location: [Empty]
- Class Code: [Empty]
- School: FARMERSVILLE ELEMENTARY SCHOOL
- Grade: Grade K
- Product Selection: i-Ready Diagnostic & Instruction Mathematics

At the bottom, there are buttons for 'Save & Close', 'Save', 'Cancel', 'Print Passwords' (highlighted with a red circle '4'), and 'Delete Class'.
