HOW TO RESOLVE PROBLEMS/CONCERNS

If a student has a problem, or if a parent has a concern involving his or her child, the initial contact should be made with the student's teacher.

The second step, if the matter is not resolved, would be for the parent to contact the respective school principal; then if the matter still remains unresolved, contact the Assistant Superintendent-Instruction or the Superintendent of Schools. The Board of School Trustees shall serve as a court of last appeal.

NOTIFICATION OF RIGHTS UNDER FERPA

The Family Education Rights and Privacy Act (FERPA) affords parents and students over 18 years of age ("eligible student") certain rights with respect to the student's educational records. They are:

1. The right to inspect and review the student's educational record within 45 days of the day the M.S.D. of Mt. Vernon receives a request for access.

Parents or eligible students should submit to the school principal (or appropriate school official) a written request that identifies the record(s) they wish to inspect. The principal will make arrangements for access and notify the parent or eligible student of the time and place where the records may be inspected.

2. The right to request the amendment of the student's educational records that the parent or eligible student believes are inaccurate or misleading.

Parents or eligible students may ask the M.S.D. of Mt. Vernon to amend a record that they believe is inaccurate or misleading. They should write the school principal, clearly identifying the part of the record they want changed, and specify why it is inaccurate or misleading.

If the M.S.D. of Mt. Vernon decided not to amend the record as requested by the parent or eligible student, the M.S.D. of Mt. Vernon will notify the parent or eligible student of the decision and advise them of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing.

3. The right to consent of disclosures of personally identifiable information contained in the student's education records, except to the extent that FERPA authorizes disclosure without consent.

One exception which permits disclosure without consent is disclosure to school officials with legitimate educational interest. A school official is a person employed by the M.S.D. of Mt. Vernon as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel); a person serving on the School Board; a person or company with whom the M.S.D. of Mt. Vernon has contracted to perform a special task (such as an attorney, auditor, medical consultant, or therapist); or a parent or student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks.

A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility.

Upon request, the M.S.D. of Mt. Vernon discloses educational records without consent of officials of another school corporation in which a student seeks or intends to enroll. Educational records may also be provided to juvenile authorities upon request.

Juvenile Justice Agency

Where disclosure is to a state or local juvenile justice agency and relates to the ability of such agency to serve before adjudication the student whose records are being released and such agency receiving the information certifies in writing that the agency has agreed not to disclose it to a third party without the consent of the student's parent, guardian, or custodian.

Such information may not be used to aid in the supervision of a delinquent child.

4. The right to file a complaint with the U.S. Department of Education concerning alleged failures by the M.S.D. of Mt. Vernon to comply with requirements of FERPA. The name and address of the Office that administers FERPA is:

Family Policy Compliance Office
U.S. Department of Education
600 Independence Ave., S.W.
Washington, D.C. 20202-4605

5. Directory Information – The law classifies certain student records information as “Directory Information: which may be released without prior parent consent, provided the parent does not direct an objection, in writing, to the respective principal within 15 days of the receipt of notice. Directory information may include student’s name, parent’s name, address, telephone listing, date and place of birth, major field of study, participation in officially recognized activities and sports, weight and height of student as a member of an athletic team, hair and eye color, date of attendance, degrees and awards received, photograph and/or videotape not used in disciplinary matters, student work displayed at the discretion of the teacher with no grade displayed, and the most recent previous educational agency or institution attended by the student.

Examples of directory information: honor rolls, citizenship ratings, student directory (name, address, and telephone number), National Honor Society, athletic programs, and items in school publications.

Each year, student directory information, including student name, address, and telephone number, will be provided to official recruiters if requested. Students may request in writing, prior to the end of their sophomore year, to have their information withheld from the list. If a written request is not received by the school, the student’s information must be provided.

A parent may use Form AO-506 to deny consent for release of all directory information. This form is available upon request from the building principal.

PLEDGE OF ALLEGIANCE

Indiana schools are now required to have a United States flag displayed in each classroom and voluntary daily reciting of the pledge of allegiance. Any student who chooses or whose parent or legal guardian chooses for them not to participate should notify the student’s teacher or principal. School corporations are required to establish a daily moment of silence.

BULLYING

Bullying is prohibited when a student is on school grounds immediately before or during school hours, immediately after school hours, or at any other time when the school is being used by a school group; off school grounds at a school activity, function or event; traveling to or from school or school activity, function, or event; or using property or equipment provided by the school. Bullying is defined by the Act as “overt, repeated acts of gestures, including verbal or written communications transmitted; physical act committed; or any other behaviors committed by students or group of students against another student with the intent to harass, ridicule, humiliate, intimidate, or harm the other student.” The student due process procedures will be enforced against the perpetrator and provisions from education, parental involvement, reporting, investigation, and intervention will be put into place. Reporting bullying and harassment to school staff is encouraged. Anyone may and should report such incidents. Parents are also encouraged to listen to their children, ask questions, and be in contact with school officials if they suspect problems.

Cyber-bullying is prohibited when it takes place on or immediately adjacent to school grounds, at any school-sponsored activity, on school-provided transportation or at any official school bus stop, through the use of the district internet

system while on or off campus, through the use of a personal digital device on campus, or off campus activities that cause or threaten to cause a substantial disruption at school.

“Substantial disruption” means

- Significant interference with instructional activities, school activities, or school operations
- An environment for any student that is abusive, intimidating, threatening, or hostile and impairs that student’s ability to participate in educational programs or school activities.
- Physical or verbal violent altercations between students.

DISCIPLINE

We believe learning takes place in an environment that is safe, caring, positive, trusting, cooperative, pleasant, and challenging. It is the policy of the M.S.D. of Mt. Vernon to provide students with an environment that will enable them to focus upon learning as their major goal. In order for the expected learning environment to exist, students must conduct themselves with self-control, exhibiting respect for the rights of fellow students, teachers, administrators, and other employees. Self-discipline is the controlling behavior. Self-discipline is best defined as the control exhibited in an individual’s behavior, including action/reaction and physical/verbal so that the civil rights and dignity of others are protected. Parental involvement, guidance, and support are necessary aspects in the development of student self-discipline.

Behavior of any student that disrupts the learning environment of others or creates conditions, which jeopardize the safety of others, will cause discipline procedures to be initiated by teaching, and/or administrative personnel. Discipline procedures will be used throughout the corporation by school personnel in order to maintain the accepted educational learning environment as stated in the school district Mission Statement.

Because behaviors are a complex chain of events, there will be no specific criteria for the use of discipline procedures other than the preceding description of self-discipline. However, discipline procedures shall be administered fairly, with respect for the dignity of all persons involved and without anger, malice, or prejudice. When the initiation of discipline procedures becomes necessary, due consideration shall be given to individual and unique differences, exceptional circumstances, and sanctions imposed by others; and said discipline shall be remedial in content, and, when appropriate, shall be progressive if repeated behavioral problems have occurred.

Some instances of inappropriate behavior are more serious than other behavior and require different approaches and clearly defined actions. The discipline procedures which shall be utilized to improve self-discipline include but are not limited to:

- Out of school suspension (1-10 days)
- In school supervision
- Expulsion
- Exclusion (health reasons or general danger to well-being)
- Detention
- Corporal punishment
- Probation
- Removal from class for remainder of term
- Student/teacher conference
- Parent conference
- Work detail
- Loss of privilege to participate in school activities
- Changing seating assignment
- Confiscation of disruptive or banned items
- Contracts
- Denial of privilege
- Meaningful extra duty assignments
- Payment of damages or compensatory restitution
- Referral to special personnel (within and/or outside the normal school environment)
- Required apology
- Standing (as opposed to being seated)
- Other appropriate reasonable and legal measures

Supervision and control by school authorities over the conduct of a student by reasonable rules and regulations are not confined to school premises, but extend to the student during any time when the student is participating in a school activity or when the student is within the legal jurisdiction of the school.

Supervision and control are not limited in terms of student’s building, classroom, or grounds. All school authorities have control over all students in all school settings. A staff member may use physical force against a student without advance

notice to the principal when it is essential for self-defense, the protection of other persons than himself, the safeguarding of public school property, and/or the preservation of order.

THREATS

Threats (verbal, non-verbal, or electronic) or intimidation may be reported to the local law enforcement authorities by the administrator who is made aware of the threat.

STUDENT RIGHTS, RESPONSIBILITIES, AND LIMITATIONS

Recognizing that the behavior of some students may be so disruptive that it interferes with school purposes or educational functions of the school corporation, school officials may find it necessary to remove a student from the school. In this event and in accordance with the provisions of IC20-8.1-5.1, the Board of School Trustees authorizes administrators and staff members to take the following actions.

1. **REMOVAL FROM CLASS OR ACTIVITY – TEACHER:** A teacher will have the right to remove a student from his/her class or activity for a period of one (1) school day if the student is assigned regular or additional work to be completed in another school setting.
2. **SUSPENSION FROM SCHOOL – PRINCIPAL:** A school principal (or designee) may deny a student the right to attend school or take part in any school function for a period of up to ten (10) school days.
3. **EXPULSION:** In accordance with the due process procedures defined in this policy, a student may be expelled from school for a period no longer than the remainder of the current semester plus the following semester, with the exception of a violation of rule 19 listed under the grounds for Suspension and Expulsion in this policy.
4. **SCHOOL** officials may choose to notify the parent after the student is removed by the law enforcement officer if this becomes necessary.

VICTIM OF VIOLENT CRIMINAL OFFENSE

Under the Indiana policy of Unsafe School Choice Option of the No Child Left Behind Act of 2001, a victim of a violent criminal offense is a student who is a victim of a violent crime as defined by IC 5-2-6.1-8, or an act of delinquency that would be a violent crime if committed by an adult, that occurs:

1. in or on the grounds of the public school that the student attends immediately before school hours, during school hours, or immediately after school hours;
2. off school grounds at an activity, function, or event sponsored by the school the student attends; or
3. while traveling to or from school or a school activity, function, or event on school-provided transportation.

A student who is a victim of a violent criminal offense, as defined by this policy, shall work with M.S.D. of Mt. Vernon School District to be placed in the safest environment possible. If any person wishes to have a copy of the total Indiana policy of Unsafe School Choice Option, please contact the M.S.D. of Mt. Vernon district office.

MT. VERNON JUNIOR HIGH SCHOOL DISCIPLINE INFORMATION

"STUDENTS HAVE THE RIGHT TO LEARN -- TEACHERS HAVE THE RIGHT TO TEACH."

You are responsible for your own actions. An environment that provides equal opportunity for all and permits the teaching-learning process to proceed in an orderly manner is the goal of all school personnel. Therefore, we believe that anyone who distracts or prevent others from reaching this goal is subject to discipline. Failure to obey the rules will lead to disciplinary action. All discipline is handled on an individual basis as the need arises. The degree of consequence administered will depend on the nature and or frequency of the misbehavior of the student. Examples of disciplinary actions include: verbal reprimands, teacher assigned consequences, parent contact, parent conferences, rearranging class schedules, team assigned consequences, confiscation of inappropriate items, time-out (isolation – in school or at home), detention (before school/after school), administrative assigned “work” consequences, curtailing participation in school activities, alternative educational placement, behavior contracts, external suspension, expulsion and referral to law enforcement agency.

Any student who is externally suspended or expelled from school is not allowed to participate in or attend any school activity. Additionally, that student is not to be on school property for any reason except when requested by a school administrator. The student may not ride any school bus during this period of suspension or expulsion. Students who have been externally suspended or internally suspended (AEP) may not attend any school dance which occurs during the time-period between the prior dance and the current dance.

 - Second offense: The phone must be picked up by a parent or guardian.
 - Third offense: Either the student is suspended for one day or the phone is taken away for five school days (parent’s choice).
 - Any further infractions will result in the student not having a cell phone on school grounds during the school day. Furthermore, students who do not adhere to these guidelines will be subjected to other disciplinary actions.

19. These anti-bullying rules may be applied regardless of the physical location in which the bullying behavior occurred as long as the alleged bully and the targeted student(s) are of the MSD of Mt. Vernon and disciplinary action is reasonable necessary to avoid substantial interference with school discipline or prevent an unreasonable threat to the rights of others to a safe and peaceful learning environment. Below are descriptions of types of bullying prohibited:
 - (1) Physical bullying involves hurting a person’s body or possessions. It includes hitting/kicking/punching, spitting, tripping or pushing, taking or breaking someone’s things, and making mean or rude hand gestures.

It is impossible to cover all types of situations that may occur throughout the school year. Therefore, verbal announcements may be made concerning items not discussed in the Student Handbook. These items will also be announced on the bulletin or posted in advisory. Students may be disciplined for announced items or situations even though they are not specifically covered in this handbook. Also, students may take home discipline notices during the year that need to be signed and returned to the school. Parents and students have access to the *M.S.D. of Mt. Vernon Students Rights, Expectations and Responsibilities* booklet that will contain pertinent district policies including the discipline policy. The student and the parent(s)/guardian(s) should become familiar with the policies. The booklet is online at <http://jh.mvyschool.org> and <http://mvyschool.org>.

LOCKERS

User of school lockers is a privilege, not a right. All lockers made available for student use at MVJHS are the property of the school. These lockers are made available solely for student use in storing school supplies and personal items necessary for use at school. Your locker is on loan to you. You are the only student provided the combination; protect your security by not sharing the combination with anyone! The school cannot be responsible for lost articles. A lost assigned PE lock must be replaced by paying for a new lock. All Athletes are required to purchase an athletic lock.

The student's use of a locker does not diminish the school's ownership or control of the locker. The school reserves the right to search a student's locker, book bag, etc., if the school believes a search is necessary to maintain the integrity of the school environment, to protect other students, or to locate lost or stolen materials.

1. Do not leave valuables or money in your locker.
2. Lockers should not be slammed, kicked, or marked on.
3. Stickers should not be placed in or on your locker; writing on or in lockers is strictly prohibited.
4. Soft drinks, energy drinks, food, snacks, gum or candy are not to be stored in lockers. Any remaining food from those who brought their lunch or purchased their lunch is to be thrown away in the cafeteria.
5. Students should not bother or attempt to open a locker other than their own.
6. If you have trouble with your locker, see the counseling office.

SCHOOL DRESS

We are concerned about the personal appearance of our students. We strive to be the best junior high school in the state, and we expect our students to look and act the part. We do not intend to dictate the type of clothes to be worn to school, but occasionally find it necessary to say what shall NOT be permitted. We expect our students to wear normal school clothes in a school atmosphere.

Students whose appearance interferes with educational process by drawing undue attention of other students or school personnel, by posing as a potential safety hazard to themselves or others, or by being interpreted by school personnel to be offensive in either the message that is implied or the parts of the body that are revealed will be assigned to the detention room for the remainder of the day or until a parent/legal guardian brings a change of clothes. Simple guidelines for school-appropriate dress and personal appearance are:

- Coats and outdoor jackets are not to be worn to class, as the building is climate controlled. Caps/Hats/Hoods/Headgear should not be worn in the building.
- Gang-related apparel – including insignias, hairnets, bandanas, monikers, colors, mottos, or other gang markings which may signify gang membership – is considered inappropriate for school attire and is prohibited.
- Attire that may damage school property or cause personal injury to others is not to be worn. (i.e. no wallet chains, no pocket chains, etc.).
- Sleeveless tops, tank tops, half shirts, tube tops, cold-shouldered shirts, net/mesh tops and spaghetti strap tops are not acceptable.
- Tops exposing a bare midriff or that are low cut are not acceptable. Any clothing which may expose undergarments is not allowed.
- If shorts or skirts are worn to school, the length should be appropriate: the length must at least be to the student's extended fingertips.
- "Sagging" pants or pants with holes above students extended fingertips are not acceptable. No visible undergarments. Pants should be worn at the waistline, regardless of the length of the student's shirt.
- Clothing, apparel or accessories (such as buttons and jewelry) advertising or promoting alcohol, drugs, tobacco products, sexual innuendoes or having obscenities are not permitted.
- Any clothing or accessories which suggest hatred or racial disruption are not permitted.
- Feet are to be covered with safe footwear. Shoes with built-in rollers are not permitted. Cleats and house slippers are not acceptable.
- Innuendo or double meaning clothing or clothes that suggest inappropriate ideas is unacceptable.

The administration reserves the right to require student apparel be changed if deemed in any way to be disruptive, unsafe, or inappropriate even if not specified above. Students not conforming to the above may be required to call parents and change clothes or to wear items provided by the school. Continued violations of the student dress code could result in disciplinary action. Students who have questions about particular types or items of dress should talk to the counselor or the principal.

RIDING A SCHOOL BUS

Riding a school bus is a privilege extended to you. Students are under the school's jurisdiction while riding on the bus. The bus drivers will distribute rules for students riding buses at the beginning of the school year. Students are not to load or unload at the high school stop; junior high students should load and unload only at the designated areas at the junior high school. If a student is suspended from school, the student is not permitted to ride a school bus to come into town.

The driver's primary concern of transporting students must be their safety. Any student behavior that may distract the driver and affect his/her skill in driving the bus will result in disciplinary action. If transportation privileges are denied, the parent or guardians are responsible for getting their children to and from school.

At the bus stop, do not run to or from the bus. Board and leave the bus only at your regular assigned stop, unless you have made arrangements in advance with the driver and the principal (or designee). Stay back and away from the bus until it has come to a complete stop.

BEHAVIOR AT EXTRACURRICULAR ACTIVITIES

Student behavior should be courteous and respectful. All students are encouraged to attend extracurricular activities and support the school's programs and activities. The following guidelines will allow everyone to be able to enjoy the activities:

- Students shall sit in the stands and watch the activity.
- Students are not permitted to leave the school grounds and then return to an activity once they have been admitted to the activity.
- Students may be asked not to attend such activities or not to be on school grounds if their poor behavior merits such action as determined by the administration.

- Transportation arrangements are to be made in advance, and students should be picked up immediately following the activity.
- Students are to follow the rules and regulations as provided in the student handbook along with this booklet entitled *MSD of Mt. Vernon Student Rights, Expectations, and Responsibilities*.
- A student cannot stay after school unsupervised until the activity begins. Students must be under the direct supervision of a teacher, sponsor, or coach.
- A student is to wear appropriate school clothes to the after school activities.
- If a student is not in attendance during the day, the student may not attend extracurricular events after school without the permission of the principal.

USE/POSSESSION OF TOBACCO

Mt. Vernon High School is a smoke-free facility in accordance with federal law, which prohibits smoking in any building that a school corporation owns, leases, or utilizes to provide education to its students.

It is advisable for health reasons that students NOT use tobacco.

Students may not be in possession of tobacco or tobacco products AT ANY TIME on school property. This includes all school-related functions during school hours and after school hours.

Indiana state law prohibits any individual under the age of 18 to possess or use tobacco products. Students possessing or using tobacco products on school grounds will be reported to the Mt. Vernon Police and will receive a citation plus a significant monetary fine.

To violate these regulations may result in the following penalties:

1st Offense: One day internal suspension plus notification to parents/guardians.

2nd Offense: Four days external suspension.

3rd Offense: Ten days external suspension with a request to the Superintendent of Schools for an expulsion from school.

PLEASE NOTE THAT OFFENSES ARE CUMULATIVE throughout a high school career. Students are NOT allowed three offenses each school year.

Example: A student who receives his/her first offense (see first offense penalties) in his/her freshman year, a second offense (see second offense penalties) in his/her sophomore year, who then has a third offense in his/her senior year would be facing a ten day external suspension with a request made to the Superintendent of Schools for his/her expulsion from school (see third offense penalties).

CONTROLLED SUBSTANCES

TOBACCO - The use/possession of tobacco or E-Cig of any type on school property, at any time, is prohibited.

ALCOHOL - The use, consumption, possession or evidence of being under the influence of alcohol on school premises, in the immediate vicinity of the school or at school functions is prohibited. To violate this regulation is against school rules and the laws of the State of Indiana. Suspension or expulsion as well as prosecution will be initiated by school personnel.

NARCOTICS - Knowingly possessing drugs or drug paraphernalia, using, transmitting, or being under the influence of any narcotic drug, hallucinogenic drug, amphetamine, barbiturate, marijuana or intoxicant of any kind is against school rules and the laws of the State of Indiana.

OBSCENITIES AND VULGARITIES

The use of vulgar, obscene, or indecent language or writing, pictures, acts, or signs will be considered violations of acceptable school behavior. Teachers are directed to confiscate any of the materials previously mentioned, note its owner and provide it to an administrator for filing in the student's disciplinary folder.

THEFT

No student shall take or use without permission any property belonging to a fellow student or to the school.

USE OF SCHOOL FACILITIES

Students shall not be in school buildings at times other than their regular school hours (7:30 a.m. to 3:15 p.m.) without special permission and proper supervision.

HAZING

Hazing is prohibited on school grounds. Mt. Vernon High School does not approve of hazing on or off school property and will cooperate with the parents of hazed students if they wish to bring legal action against those who did the hazing. Anyone caught hazing another student on school property will be subject to suspension or expulsion.

FIGHTING AND WEAPONS

1. Fighting or conspiracies to engage in fighting are prohibited.
2. Intimidation, hazing, or threats of inflicting bodily harm are prohibited.
3. Possession or use of dangerous or annoying instruments, including fireworks, firearms, tasers, explosives, water pistols, and knives is prohibited.

FIGHTING POLICY

The penalty for being involved in a fight, defined as an exchange of physical blows (hitting, slapping, pushing, shoving), may be placement in internal suspension, external suspension or a request for an expulsion from school. Provoking a fight is subject to punishment. Fights should be reported immediately to an administrator or teacher. Students should not take matters into their own hands, but should allow a faculty member, staff member, or an administrator to handle the situation.

In the event a fight breaks out, students are advised to move away from the area of the disturbance and not get in the way of administrators or teachers who are trying to deal with the situation. Standing around so as to hinder school officials or refusing to leave the scene when asked to do so are all violations of school policy and disciplinary action may result. In more severe cases, prosecution may be an alternative.

Students who instigate fights but are not actively involved (that is, students who carry rumors, put others up to fighting, carry information back and forth between other individuals who subsequently fight) submit themselves to the same penalties as those who are involved in the fight. Students who are intimidated or harassed by another student should report these incidents immediately to an administrator. In sum, FIGHTING WILL NOT BE TOLERATED ON THIS CAMPUS, ON THE SCHOOL BUS, OR AT ANY SCHOOL SANCTIONED EVENT.

M.S.D. OF MT. VERNON ATHLETIC RULES & REGULATIONS (MVHS and MVJHS)

ATHLETIC PHILOSOPHY

The Metropolitan School District of Mt. Vernon recognizes that the participation in athletics, both as a player and as a student spectator, is an integral part of the student's educational experiences. Student-athletes at MVHS are held in the highest regard and are seen as role models in the community. Playing and competing for Mt. Vernon High School is a privilege. As such, you have the responsibility to portray your team, your school and yourselves in a positive and responsible manner at all times. Sometimes this means doing things that are an inconvenience to you, but benefit the whole team, the student body, the school and the community. In his/her play and conduct, the student athlete is representing all of these groups.

Athletics prepares students for the future by teaching self-discipline, positive thinking, self-sacrifice, teamwork, and cooperation. Students are motivated to win and excel, but the principles of good sportsmanship, on and off the court and in social media, must prevail at all times in order to enhance the educational values of athletic competition. Such experiences contribute to the knowledge, skill and emotional patterns that he/she possesses, thereby making him/her a better person and citizen.

STUDENT ATHLETE CONDUCT POLICY

Every student athlete is expected to behave in a manner that brings credit to his/her school and squad 365 days a year. When an athlete's conduct in or out of school or on social media reflects discredit upon the school or creates a disruptive influence on the discipline, good order, moral or educational environment in the school, he/she will be in violation of the rules.

Any violation of these rules may result in an athlete being declared ineligible for further participation. The athletic conduct policy is in effect from the first day the athlete attends a team practice or team meeting. All training violations and penalties accumulate during the student's entire high school career.

SPECTATOR CONDUCT

Mt. Vernon High School, in concert with the Big 8 Conference, the IHSAA, and the IIAAA, encourages positive sportsmanship by all athletes, coaches, fans, and officials. Good sportsmanship starts with respect...for yourself, your team, your opponent, and the decisions of officials. Together, we can set the standard for good sportsmanship. Additionally, Mt. Vernon High School does not allow spectators to bring food or drinks into our sporting events.

SOCIAL MEDIA

Social Networks: Social network sites such as Facebook, Twitter, Instagram, YouTube, VINE, Pinterest, Snap Chat and other digital platforms have increased in popularity and are used by student athletes at Mt. Vernon High School.

Participation in such networks have both positive appeal and potentially negative consequences. It is important that MVHS student athletes be aware of these consequences and exercise appropriate caution if they choose to participate in these sites and others.

The Department of Athletics' guidelines are intended to provide a framework for student-athletes to conduct themselves responsibly in an on-line environment.

1. Student-athletes should be aware that third parties - - including the media, faculty, coaches, teammates, future employers and IHSAA officials - - could easily access your profiles and view all personal information. This includes all pictures, videos, comments and posters. Inappropriate material found by third parties affects the perception of the student-athlete, the athletic department, the school and the entire Mt. Vernon community.
2. Be careful with how much and what kind of identifying information you post on social networking sites. Virtually anyone with an email address can access your personal page. It is unwise to make available information such as a full date of birth, social security number, address, phone number, cell phone numbers, bank account information, or details about your daily routine. All of these can facilitate identity theft or stalking. Do not respond to unsolicited emails asking for passwords or PIN numbers. Reputable businesses, colleges and scholarship foundations do not ask for this information in emails.
3. The internet is permanent. Facebook, Twitter, Instagram and other sites provide numerous privacy settings for information contained in its pages; use these settings to protect private information. However, once posted, the information becomes property of the website.

Examples of inappropriate and offensive behaviors in online communities may include depictions or presentations of the following:

1. Posting photos, videos, comments or posters showing the personal use of alcohol, tobacco, e-cigarettes etc., including condoning alcohol and drug related activity. This includes but is not limited to images that portray the personal use of alcohol, marijuana and drug paraphernalia.
2. Posting photos, video and comments that are of a sexual nature. This includes links to websites of a pornographic nature and other inappropriate material.
3. Posting pictures, videos, comments or posters using inappropriate or offensive language in all comments, videos and other postings. This includes threats of violence and derogatory comments against teammates, coaches, race, gender and/or sexual orientation.

Vernon High School, other schools, teammates, opponents or any other individual/entity (examples: derogatory comments regarding another institution; taunting comments aimed at a student-athlete, coach or team at another institution and derogatory comments against race and/or gender). No posts should depict or encourage unacceptable, violent or

illegal activities (examples: hazing, sexual harassment/assault, gambling, discrimination, fighting, vandalism, academic dishonesty, underage drinking, and illegal drug use).

5. Posting photos while engaging in inappropriate behavior.

Note: Inappropriate actions will be dealt with on an individual basis through the Athletic Department but may include suspension from contest(s) or removal from the team.

1. Every athlete is expected to attend all practice sessions of his/her sport unless excused in advance by the coach in charge or if he/she was absent from school because of illness.

5. If an expulsion meeting is held, the person conducting the expulsion meeting will make a written summary of the evidence heard at the meeting, take any action found to be appropriate, and give notice of the action taken to the student and the student's parents.

The student or parent has the right to appeal the decision of the person conducting the expulsion meeting to the school board within 10 days of the receipt of notice of the action taken. The student or parent appeal to the school board must be made in writing. If an appeal is properly made, the board must consider the appeal unless the board votes not to hear the appeal. If the board hears the appeal, it will consider the written summary of the expulsion meeting and the arguments of both the school administration and the student and/or the student's parent. The board will then take any action deemed appropriate.

LOCKER RULES

All lockers on the school premises are the property of the school district. These lockers are made available for use in storing school supplies and personal items necessary for use at school. A student who uses a locker that is the property of a school corporation is presumed to have no expectation of privacy in that locker or the locker's contents (IC 20-8.1-5.1 Sec. 25).

In order to implement the school district's policy concerning student lockers, the school board adopts the following rules and regulations:

1. **Locks**: The school district will retain access to student lockers by keeping a master list of combinations or retaining a master key. Students may not use their own locks to prevent access to lockers by school officials, and any unauthorized locks may be removed without notice and destroyed.
2. **Use of Lockers**: Lockers are to be used to store school supplies and personal items necessary for use at school. Students will be expected to keep their lockers in a clean and orderly manner.
3. **Authority to Inspect**: A principal (or designee) may, in accordance with the rules of the governing body, search a student's locker and locker's contents at any time. A law enforcement agency having jurisdiction over the geographic area having a school facility containing a student's locker may:
 - (a) at the request of the school principal; and
 - (b) in accordance with rules of the governing body of the school corporation; assist a school administrator in searching a student's locker and the locker's contents.
4. **Disposal of Confiscated Contraband**: All contraband confiscated from lockers may be disposed of by the principal or his designee as he or she deems appropriate, including:
 - (a) return to the proper owner or place;
 - (b) use as evidence in a student discipline proceeding if possession of the contraband constitutes a ground for suspension or expulsion under IC 20-8.1-5.4;
 - (c) delivery to the appropriate law enforcement officials for prosecution purposes if possession of the contraband constitutes evidence of a crime; or
 - (d) destruction
5. **Copy of Rules**: A school corporation must provide each student and each student's parent a copy of the rules of the governing body on searches of students' lockers and locker contents.

STUDENT ATTENDANCE

This policy recognizes that regular attendance is the keystone of the instructional process because each and every day of school is important. Thus, if students are to fully realize the opportunities afforded through the educational programs and services of the school district, they must attend school regularly and be on time for classes.

The education of children is a complex process involving acquisition of academic facts and information, physical growth and development, social maturation, and emotional development. These functions of growth and development evolve over a period of time, but ongoing expansion, practice, evaluation, and reinforcement is necessary in order to assure full development. This can be accomplished only when students attend school regularly.

Frequent or unnecessary absence from class limits a student's opportunity for achievement by disrupting continuity of the instructional process, losing the benefit of interaction with teachers and classmates, and missing the opportunity for guided study. Losses from absence cannot be totally recovered even by extra instruction or make-up work.

The responsibility for assuring regular school attendance must be shared among the school, parents, and children. The school must provide programs and services which meet student needs and stimulate active student participation.

Parents must provide strong, effective guidance and discipline to assist their children to understand the importance of education and the relationship between success and regular attendance.

The student must accept the responsibility for determining his/her own destiny. Parents and schools can assist, but ultimately the student determines his/her own achievement and success.

Habits, which will carry over to mature adult behavior, are developed during the formative years of life. It is an accepted principle that regular and punctual school attendance is fundamental if students are to develop habits of self-discipline and responsibility.

It must be recognized that the benefits of regular and punctual attendance will be directly related to each student's academic success and record. The academic achievement, thus grades, may be directly affected by attendance.

The superintendent of schools is authorized to develop necessary rules and procedures to implement this policy.

Note: This policy does not affect official student attendance record keeping. Recording of student attendance for official records is governed by state compulsory attendance laws and procedures.

State law authorizes the following activities to count as attendance in school:

- (a) service as a page in the Indiana General Assembly
- (b) service as a precinct worker on election day
- (c) appearance in court by subpoena
- (d) active duty in the Indiana National Guard
- (e) active duty in the Indiana Civil Air Patrol

K-5 ATTENDANCE POLICY

OPERATIONAL PROCEDURES

Student must attend school regularly and be on time for classes in order to gain the greatest benefit from the instructional program and to develop habits of punctuality, self-discipline, and responsibility.

1. The parent/legal guardian is to notify the school by a telephone call or in person in advance of the absence. A written statement from the sponsoring official verifying participation is required upon return to school when a student serves as a Page in the General Assembly or serves as a precinct worker on election day.
2. In the event of extended or frequent absences because of illness, a doctor's statement may be required. After three (3) consecutive days of absences because of illness, a doctor's statement of treatment may be needed to explain any additional days that the student is absent.
3. After three (3) unexcused or unexplained absences, or after a pattern of absences, school personnel should contact the parents in an effort to assure proper attendance. At this point, a counseling session which includes the parents and student may be warranted.
4. If the student is judged to be truant from school or if the attendance problem persists, the District Attendance Officer should be notified.
5. The Attendance Office should make a minimum of three (3) contacts with the parents including at least two (2) home visits.
6. If the attendance problem persists, a letter from the Superintendent (or his designee) should be sent to the home via certified mail. This letter should inform the parents of possible legal proceedings if the student does not establish and maintain proper attendance.
7. If these steps prove ineffective in correcting the problem, the Attendance Officer should report the name of the student to juvenile court officials. A child under the age of eleven (11) should be considered to be absent as a result of educational neglect and the parents held responsible, subject to Circuit Court jurisdiction.
8. Conversations with parents and students should be documented and kept for future use of the Attendance Officer.
9. Truancy is defined as unexcused or unapproved absence from school or class period. Being at school but not attending class is considered as truancy.
10. All students enrolled in the Metropolitan School District of Mt. Vernon are subject to these rules and regulations regardless of age.
11. A student may not leave school any time during the normal school day without permission from his/her parent/guardian and the principal or his designee. The student is to "sign out" at the principal's office prior to leaving school.
12. Tardiness, late arrival at school or class, is to be handled by the classroom teacher. Excessive tardiness may be considered to be truancy and dealt with accordingly.
13. Excused or accepted absences shall include the following types:
 - a. Personal illness or injury.
 - b. Severe illness or death in the immediate family.

- c. Medical, dental, optical appointments which cannot be scheduled outside of the school day. The school may require verification of appointments with a statement from the doctor.
- d. Other unavoidable, unusual, or emergency conditions that will be determined by the principal either in advance of or on the day of the absence.
- e. A student may be excused to participate in a religious service or observation with a written statement from his/her parent/guardian in advance of the absence stating the purpose, date, and length of absence.*
- f. Students may be absent to attend the funeral of a friend or relative. The parent/guardian must provide a written request in advance of or on the day of the funeral.*
- g. Students may not be considered absent while participating in any school sponsored activity or event.*

*The absence is excused or accepted only for the length of time of the appearance/appointment and reasonable travel time.

14. Unexcused or unacceptable absences shall include but are not necessarily limited to the following types.

Family vacation/trips	Babysitting	Work
Automobile trouble	Missing the bus	
Oversleeping	Personal business	

15. Since the nature of the educational process changes and the degree of responsibility of students for their own development increases as students progress through the grade levels, make up work when students are absent shall be handled as follows in the elementary grades:

- a. Each teacher will work with individual students to assist them as needed to acquire necessary skills for continuous academic development. Make up or extra work will be assigned as deemed appropriate by teachers.

MT. VERNON JUNIOR HIGH SCHOOL ATTENDANCE INFORMATION

ATTENDANCE INFORMATION

Students are expected by the state laws to be present at school every day unless they are properly excused. Irregularities in attendance may result in students missing portions of class information which cannot be recovered. Success at school, like success on any job, requires dependable and prompt attendance. Poor attendance reflects in student grades and is a consideration in retaining a student at the same level for a second year. Students who miss on a regular basis may be required to have a doctor's note for each absence. Regular attendance is the responsibility of the parent and student.

If a student is not in attendance during the day, the student may not attend extracurricular events after school without the permission of the principal.

LEAVING SCHOOL DURING THE DAY

- Students who have doctor or dental appointments during a school day are expected to attend classes during those periods that they are not traveling to and from the appointment.
- When students have appointments, parents must call or send a note to the office stating the date, time, and place prior to the appointment. The student will be issued an "Excuse to Leave the School Grounds" pass.
- The issued pass should be presented to the teacher at the beginning of the class period in which a student will be excused. The student should report to the nurse's office and sign the checkout sheet after receiving permission to leave.
- The student should present a form signed by the dentist, doctor, etc., upon his return to school.
- Under no circumstances may a student leave the school without signing the checkout sheet. No student will be allowed to check himself out, walk home, or leave the school campus with a friend or relative without confirmed parental permission. Upon returning to school the same day, you must sign in.
- Mt. Vernon Jr. High has a closed campus policy. Once you arrive at school, you shall not leave the school grounds until dismissed at the end of the day.

MAKE-UP WORK

All students are expected to complete all assignments missed due to an absence for any class. Make-up work is the responsibility of the student. Assignments and tests, which are completed by expected time limits, will receive full credit. Absences due to truancy and external suspension have the same expectation for the completion of class work as any other absence.

It is urged that a request for make-up work be made on the third consecutive day a student is absent by calling the Counseling Office before 9:00 a.m. Requests made after 9:00 a.m. cannot be processed until the following school day since the teachers prepare the requests during their preparation period; thus, requests should be limited to extended illnesses. The make-up work can be picked up in the Counseling Office before 3:30 p.m. Typically, a student who is absent on a day of a test will be expected to take the test upon returning to school. Again, students are encouraged to record daily assignments, long-term projects, upcoming tests, and other upcoming events in their student assignment book. Check with your team to see if assignments are posted on the internet.

PROCEDURES FOR ABSENCES

If a student is absent from school, a telephone call from a parent or guardian is required. Every effort should be made to call *before 9:30 A.M.* The office will be open at 7:30 A.M. each day. The school telephone number is 833-2077; ask for the nurse. If we do not hear from home by 9:30 A.M., a call will be made to the home or place of employment to verify a student's absence. A note signed by the parent or legal guardian explaining the nature of the absence is required when the student returns to school if we are unable to make contact by phone on the day of absence.

If a student is absent from school the day of an extra-curricular activity, that student may **NOT** attend the activity. Special circumstances may be waived by the principal.

TARDIES

Students have sufficient time to pass from one class to another. Reporting on time with proper materials is important. Each teacher will record tardiness for each student on a daily basis. Teachers are authorized to deal with student tardiness on an individual basis including, but not limited to, requiring the student to attend make up sessions, and assigning detention, and assigning written exercises. At such times as the teacher feels that the tardiness has become excessive, the student may be referred to the assistant principal's office for further disciplinary action. Tardies will affect the perfect attendance award/incentive.

If a student is late to school, he must report to the nurse to sign in and secure a pass to enter class. Habitual tardiness to school becomes a discipline matter and may be turned over to the M.S.D. Attendance Officer. Students will make-up excessive tardiness to school by sitting detention before or after school. A person who has several tardies does not qualify for perfect attendance.

TRUANCY

Failing to report to assigned classes, or absences which occur without the knowledge or permission of a parent/guardian, are considered truantries. If you are truant from school or any portion thereof, you will be required to make-up an appropriate amount of time before school hours and after school hours. The student is expected to ask for all homework and other appropriate make-up.

Any student who is determined to be habitually truant as defined by policy, cannot be issued an Indiana Operators License or Beginner's Permit until the age of 18 years of age or until the prohibition is removed upon recommendation of the principal to the Board of Trustees. For more explanation, please refer to the specific section in this booklet that addresses Driver's License/Permit Restriction.

MT. VERNON SENIOR HIGH SCHOOL ATTENDANCE POLICY

OPERATIONAL PROCEDURES

The attendance policy at Mt. Vernon High School is based on the premise that something important happens each day in each class of every school day. The faculty and staff believe that there is a direct relationship between good attendance and successful academic achievement. The attendance and study habits, both good and bad, which are formed during these high school years tend to carry over into the adult years once students graduate from MVHS. A successful attendance program takes the efforts of parents, students and school staff. The following policy has been developed to promote a high standard of good school attendance.

7-DAY ABSENCE/ATTENDANCE POLICY

1. A **FOUR-DAY ATTENDANCE NOTICE** will be issued to every student who reaches four absences in a class within a semester. The teacher will verbally notify the student who has reached 4 absences in that particular class, reinforce the importance of good attendance, and have the student sign the **ATTENDANCE NOTICE**. A copy of the report will be sent home by mail. A copy will be sent to the office for the student's file, and a copy will remain with the classroom teacher. The teacher will continue to notify the student of the number of absences accumulated after the four-day notice.
2. A **SEVEN-DAY ATTENDANCE NOTICE** will be issued to every student who reaches seven absences in a class. A semester absence of seven days from any class will place the student in a failing status. This report will be sent by

mail to the parent. The student will remain in the class and will be given verbal notice of the failing status by the classroom teacher. If the student feels that justifiable or extraordinary circumstances have contributed to exceeding the seven-day limit, the student may appeal to the teacher for credit. This appeal may be granted if the following conditions have been met:

- a. The Appeal Form has been completed and returned to the teacher by the due date specified on the form.
- b. Attendance **after** the seven-day limit has been satisfactory.
- c. Appropriate doctor statements, if applicable, have been filed with the school attendance officer.
- d. All class work has been satisfactorily completed.
- e. All class objectives have been accomplished.
- f. The student is academically passing the class.

*For classes that meet every day, the absence limit is fourteen days. The first attendance notice will be issued at eight days.

STUDENT APPEAL FOR CREDIT PROCEDURE

1. Teachers will give verbal and written notice to all students who have reached seven absences in their class.
2. Student Appeal for Credit forms will be made available to students who have exceeded the attendance policy and have been placed in failing status.

NOTICE: Forms will be handed out and due dates set within the last 1½ to 2 weeks before the end of the semester. If the student exceeds the attendance limit after the deadline, the due date of the appeal for credit form will be extended for up to one week after the last absence.

3. Students will have the opportunity to explain and validate their attendance record on the form.
4. The student will return the form to his/her teacher prior to or on the due date for teacher consideration.
5. The attendance committee will review all Student Appeal for Credit forms.
6. Following a favorable review by the attendance committee of the appealing student's attendance, the decision to grant credit rests with the teacher. The teacher is the one who sets the class objectives and must be the one to determine if those objectives have been met. Students will not be notified concerning the determination of their appeal until after the final exam.
7. Students who lose their credit as a result of the appeal decision have a right to due process and may appeal to the attendance committee through the principal.

ADDITIONAL GUIDELINES

An absence count will start only upon a student's first registered day in a class.

Absences that are due solely to hospitalization, long-term home illness, or absences which occur due to the necessity to see a medical doctor will not count against the seven-day limit if parents provide the school with a written doctor's excuse immediately upon the student's return to school (immediately shall be interpreted as within 24 hours).

Class absence, as a result of approved school activities, will not count within the seven-day limit. Examples of approved school activities would include field trips, approved senior college visitation days, and other such absences that are approved by school administration.

Class absence, as a result of internal or external suspension, **will not** count against the seven-day limit.

COLLEGE VISITATION DAYS/PROCEDURE

Mt. Vernon High School encourages juniors and seniors to explore options for their future. Most colleges, careers, and the military conduct organized visitation days for high school students on Saturdays and Sundays. Students are encouraged to attend visitation programs on weekends whenever possible. Seniors will be allowed two (2) visitation days. Juniors are allowed one visitation day during the second semester only. These absences will be considered school-related and will not count against the Renaissance Perfect Attendance and/or the Seven-Day Limit policies.

If a student needs to visit during school time, the following procedures must be followed:

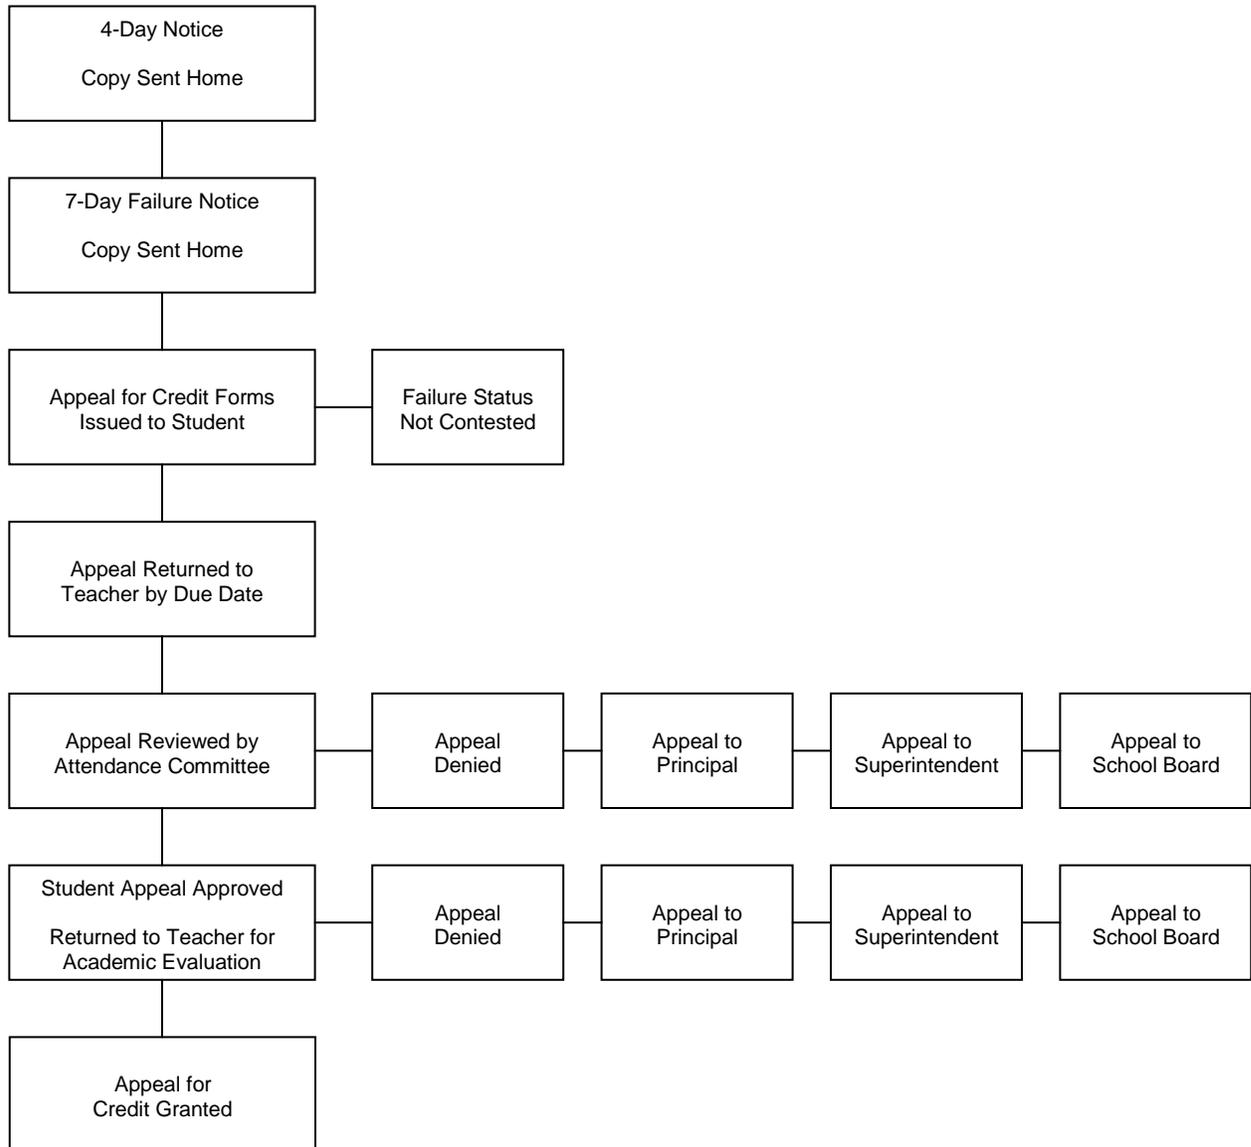

1. Student must pick up the visitation form in the guidance office.
2. The completed visitation form must be submitted to the attendance office at least one day prior to the absence. No substitute forms will be accepted.
3. Written verification of student attendance must be signed by a representative of the institution on official stationery and submitted to the nurse when the student returns to school. Students must submit an individual verification for their visitation. No list verifications will be accepted.
4. Additional days may be granted if a student must be present for scholarship testing or if the student is being recruited by the college or university. Verification of these special circumstances must be provided to a high school administrator

- prior to the absence.
5. Visitation days may be used on school days prior to May 1.
 6. When visiting a local institution, visitations will be granted for half-days (2 class periods) only.

TRUANCY

Failing to report to assigned classes or absences which occur without the knowledge or permission of a parent or guardian are considered trancies. Trancies are serious breaches of school policy and can result in expulsion from school for a semester or school year.

HIGH SCHOOL ATTENDANCE POLICY FLOWCHART

MAKE UP WORK

All students are expected to complete all assignments missed due to an absence from any class. Assignments and tests which are completed by expected time limits will receive full credit. Absence/Truancy: Absences due to truancy have the same expectations for the completion of class work as any other absence. Students will receive 50% credit for the completion of missed assignments when the absence is due to truancy. Assignments and tests a student misses due to internal or external suspension, which are completed by the expected time limits, will receive 100% credit.

The following guidelines are set with the intention of encouraging students to make up work missed due to an absence in a timely manner:

1. After an absence, a student should contact all of his/her teachers to make arrangements for making up missed work. These arrangements should be made at or before the next meeting of the missed class.

2. Teachers and students are encouraged to make use of supervised study periods for completion of make-up work.
3. Students are encouraged to contact teachers before school to request make-up assignments.
4. Students are to be allowed one day for make-up for each day missed.

Examples:

A student is absent Tuesday (Maroon). He/she should make arrangements for make-up work on or before Thursday (Maroon) and have it completed by the following Monday.

A student is absent Tuesday (Maroon) and Thursday (Maroon). He/she should make arrangements for make up work on or before the following Monday (Maroon) and have it completed by Friday (Maroon).

5. If a student is absent on a school day prior to a class meeting when a quiz or test will be given, then that student is to make up the missed test during or before the following class meeting.

Example:

A student is absent Monday (Maroon). A test is scheduled for period 6 on Tuesday (Gray). The student should not be required to take the test on Tuesday, but should make arrangements on that day to make up the test prior to or during period 6 on Thursday (Gray).

6. Teachers are encouraged to post assignments in their classrooms and/or provide a course syllabus with assignments to allow students to determine what assignments need to be made up.

ATTENDANCE COMMITTEE

The function of the Mt. Vernon High School Attendance Committee is to:

1. Monitor and review the Attendance Policy
2. Review the attendance of individual students requesting an Appeal for Credit.

The Attendance Committee will include one administrator, the School Nurse, and teachers.

TRUANCY AND DRIVER'S LICENSE/PERMIT RESTRICTION

This policy is adopted pursuant to Indiana Code regarding the restriction of driver's licenses and permits.

SECTION I – HABITUAL TRUANT

Indiana Code provides that the Bureau of Motor Vehicles may not issue a driver's license or beginner's permit to a student who is:

1. Under eighteen (18) years of age;
2. An habitual truant; and
3. Identified in a list submitted to the Bureau of Motor Vehicles until the student becomes eighteen (18).
 - A. Indiana Code 9-24-2-1 provides that any person under the age of eighteen (18) who is determined to be an habitual truant as defined by School Board policy cannot be issued an operator's license or learner's permit until the age of eighteen (18).
 - B. The term "truant" is defined as a student who willfully refuses to attend school.
 - C. The term "habitual truant" is defined as a student who willfully refuses to attend school for ten (10) days during any one school year.
 - D. One to two class truancies, in any one-day, will be equivalent to a half day of truancy. Three or four class truancies, in any one day, will be equivalent to a full day of truancy.

PROCEDURE

1. When a student has two (2) truancies, the student and the student's parents shall be notified and a conference requested by the principal.
2. When a student has three (3) truancies, the student and the student's parents shall be notified by certified mail.

3. When a student has four (4) trancies, the principal shall notify the Bureau of Motor Vehicles that the student is an “habitual truant.”
4. When trancies are on consecutive days, notification to student and parents shall be as soon as the administration can determine that trancies have occurred.

REVIEW

1. The principal shall review the habitual truant’s attendance record twice annually, by December 1 and June 1 to determine if the prohibition against receipt of an operator’s license or learner’s permit shall continue. The principal shall be guided by the following factors:
 - A. At least 60 school days must have elapsed in order to have a significant sampling upon which to make a determination of improved attendance.
 - B. The number of absences since the initial determination or designation and the reasons for each shall be reviewed. One absence based on truancy shall cause the principal to recommend that the aforementioned prohibition shall continue.
2. If a student who has been designated and/or determined an habitual truant and remains ineligible to obtain a license/permit properly quits this school system or transfers to a public or non-public school, the principal shall no longer be under a duty to conduct the review. Conversely, if such a student moves or transfers to this school system, the principal shall conduct the appropriate review.
3. The principal shall forward his/her recommendation to the Board of Trustees for its review and determination. If the prohibition against receipt of the license or permit is removed, the principal shall notify the State Bureau of Motor Vehicles. The removal of the prohibition, however, shall not cause the number of truancy days to be erased for purposes of later determining that a student is a repeat habitual truant under this policy.

SECTION II – ISSUANCE OF LICENSE OR PERMIT

1. An operator’s license or learner’s permit may not be issued to a person less than eighteen (18) years of age who:
 - A. Is under at least a second suspension from school for the school year under IC. 20-8.1-5;
 - B. Is under an expulsion from school under IC 20-8.1-5;
 - C. Has been determined to be an habitual truant; or
 - D. Withdraws from school for a reason other than financial hardship before graduation.
2. If a student is suspended for the second time in a school year, the student or the student’s parents have the right to a due process hearing under IC 20-8.1-5. The decision of the hearing examiner shall be final.
3. If a student receives a second suspension from school or is expelled from school under applicable law, the principal shall notify the Bureau of Motor Vehicles that the student is not eligible to receive a license or permit and the date when the student will become eligible.

SECTION III – INVALIDATION OF LICENSE OR PERMIT

1. If a person is less than eighteen (18) years of age and is under a second suspension, expulsion, is determined to be an habitual truant, or withdraws from school for a reason other than financial hardship before graduation or reaching the age of 18, the Bureau of Motor Vehicles shall, upon notification by the person’s principal, invalidate the person’s license or permit until the earliest of the following events:
 - A. The person becomes eighteen (18) years of age.
 - B. One hundred twenty (120) days after the person is suspended or the end of the semester which the person returns to school, whichever is longer.
 - C. The suspension or expulsion is reversed after the person has had a hearing under IC 20-8.1-5.
 - D. The student has enrolled in a full-time or part-time education program and has participated for 30 or more days in the program. The student must submit to the Bureau of Motor Vehicles a statement which contains the verified signature of the principal or Board president of the program in which the student is enrolled and notification that the student has complied with the conditions of this paragraph.
2. For purposes of the invalidation of a license/permit, the principal shall notify the State Bureau of Motor Vehicles in the following circumstances with each notice indicating the last day of the semester in which the student returns to school.
 - A. The student receives a second suspension from school in any one school year; if a student is suspended for the second time in a school year, the student or the student’s parents have the right to a due process hearing under IC 20-8.1-5. The decision of the hearing examiner shall be final.

- B. The student is expelled from school for any reason established by state statute and/or this school system for the grounds stated in Indiana Code 20-8.1-5-5(1).
- C. The student has been determined a habitual truant.
- D. The student who is under the age of 18 years has withdrawn from school for reasons other than financial hardship.

Should any such second suspension be reversed after the student has utilized the procedures under Indiana Code 20-8.1-5, the principal shall notify the State Bureau of Motor Vehicles directly in writing.

SECTION IV – ADMINISTRATIVE REGULATIONS

1. Should the principal have reason to believe that a student under the age of 18 years who has requested to withdraw from school for financial hardship with written consent of his/her parents/custodians, is quitting school in order to avoid a second suspension in a school year or an expulsion for misconduct, the principal is given the discretion to consider such as an offer to quit, to reject the offer, to continue with the suspension or expulsion proceeding, and to notify the Bureau of Motor Vehicles of the outcome of such proceeding.
2. Any student whose license/permit has been invalidated by the State Bureau of Motor Vehicles may appeal pursuant to Indiana code 9-2-1.
3. For purposes of this policy, the principal of a newly enrolled student shall oversee the development of procedures to obtain and review the attendance and discipline records from the student’s previous school(s), and shall treat such records as if the conduct of the student recorded therein had occurred within this school system. Similarly, the principal shall recognize a previous school’s designation or determination of truancy and habitual truancy, as well as any suspension or expulsion for misconduct.
4. Non-Public School Students – The principal shall be deemed to have no authority or duty to sign an eligibility form to accompany the application for a permit or license.
5. The superintendent is authorized to oversee the development of administrative regulations and forms to implement this policy. To reduce the chance of forgery, the superintendent shall see that a special seal is developed to be embossed on each eligibility form signed by the principal that is to accompany the application for a license/permit.
6. The principal is authorized to have a facsimile signature prepared for use by any designee on any form utilized under this policy, and shall oversee the development of procedures to protect the security of the facsimile stamp as well as the special seal embosser.

OPERATIONAL PROCEDURES

The following are the types of absences that will be considered to be truanancies. The list is not intended to be all inclusive. Other similar types of absences may be considered to be truanancies.

1. Student leaves home, but does not show up at school.
2. Student refuses to get out of bed in the morning and refuses to follow parent’s demands to do so. Parent is unable to get the student to go to school.
3. Student rides bus, but does not go to school.
4. Student leaves the school during the school day without permission.
5. Student is in school building, but skips scheduled classes.
6. Student is a runaway child and fails to attend school.
7. Student leaves home, but does not arrive at school when his/her parent expects him/her to arrive (Reasonable travel time.)
8. Parent leaves earlier in the morning than the student; student fails to attend school and fails to tell his/her parent about the absence. (Parent is unaware of the absence.)

WITHDRAWAL FROM SCHOOL/EXIT INTERVIEW

Under Indiana law, any student who is at least sixteen (16) years of age but is not yet eighteen (18) years of age may withdraw from school prior to graduation after a exit interview with the student's parent or guardian is conducted with the appropriate school employee. There are three qualifying conditions added to drop out of school through the EXIT interview. The student must meet one of these conditions:

- (a) financial hardship; student must be employed to support their family or dependent; or
- (b) illness; or
- (c) an order by a court that has jurisdiction over the student.

Legal Reference: I.C. 20-33-2-9 (c)

The Board of School Trustees of the Metropolitan School District of Mt. Vernon designates the following school personnel to conduct the exit interview of a student enrolled at the specified school who wishes to withdraw from school:

Mt. Vernon Senior High School --	Superintendent or Designee Principal Assistant Principal
Mt. Vernon Junior High School --	Principal Assistant Principal Counselors

Legal Reference: I.C. 20-8.1-3.17

MEDICINES

It is understood that there is a need for students to receive medications during the school day in order to combat and remedy illnesses. The Board recognizes this need, but also recognizes the need to protect students from inappropriate administration of medicines and to protect school employees against liability by establishing procedures that comply with reasonable practices and state law. Therefore, the Board of School Trustees directs the Superintendent of Schools to establish guidelines for the administration of medication to students that will meet the needs of students, protect employees, and comply with state law.

Students with an acute or chronic disease or medical condition may possess and self-administer medication that must be administered on an emergency basis while the student is on school grounds or off school grounds at a school activity, function, or event. The student's parent must file an annual authorization that includes a written statement from the student's physician for the student to self-administer the medication. Medication may be sent home with high school students if the student's parent has given written permission.

PROCEDURES

1. The term "medication" is **NOT** limited to prescription medicine but would include nonprescription medications such as aspirin, cough syrup, vitamins, etc.
2. Prescription medication shall not be administered unless the following requirements are met:
 - a. All prescription medication must be brought to school in a container clearly labeled by a physician or a druggist stating the student's name, the doctor's name, and the dosage (amount and frequency).
 - b. Written permission of parent or guardian must accompany each medication and incident.
3. Non prescription medication shall not be administered unless the following requirements are met:
 - a. Written permission of parent or guardian is on file.
 - b. Medication must be in the original container and clearly labeled with the student's name and the dosage (amount and frequency) to be administered.
4. The principal will designate in writing the persons who may administer medication.

At each school, one (1) individual (the nurse) should normally administer the medication with an administrator, teacher, or other school employee designated by the school administrator being available if needed. A daily medication chart should be kept on each student. The person administering the medication should check the chart first, administer the medication, and then initial the square coinciding with the student's name and the date. This will prevent any duplication.

5. The designated administering school person should not leave any medication unattended at any time. All medication should always be inaccessible to students.

6. All medication must be kept in the principal's or nurse's office area in the original container. This should be locked in a safe, cabinet, or container.
7. All medications should be destroyed or returned to the legal custodian when no longer needed. Destruction of the medication should be done in such a manner as to insure no other person can obtain possession of it.
8. Medication that is possessed by the school for administration during school hours or at school functions may be released to:
 - *the student's parent; or
 - *an individual who is at least 18 years of age; and designated in writing by the student's parent to receive the medication.
9. Medication may be sent home with the student if the student's parent provides written permission for the student to receive the medication.
10. These guidelines do not apply to medications possessed by a student for self-administration under IC 20-33-8-13. A student with a chronic disease or medical condition may possess and self-administer medication for the chronic disease or medical condition if the following conditions are met:
 - a. The student's parent has filed an authorization with the student's principal for the student to possess and self-administer the medication. The authorization must include the following:

A physician states in writing that:

 - (1) the student has an acute or chronic disease or medical condition for which the physician has prescribed medication;
 - (2) the student has been instructed in how to self-administer the medication; and
 - (3) the nature of the disease or medical condition requires emergency administration of the medication.
 - b. The authorization and statement described above must be filed annually with the student's principal.

Pursuant to IC 20-34-4-5

The parent of a student who has enrolled in the Metropolitan School District of Mt. Vernon is required to furnish not later than the first day of school a written statement of the student's immunization, accompanied by the physician's certificate or other documentation, unless a written statement of this nature is on file with the school.

This statement must show, except for a student to whom IC 20-34-3-2* or IC 20-34-3-3** applies, that the student has been immunized as required by IC 20-34-4-2***. This statement must include the student's date of birth and the date of each immunization.

A student may not be permitted to attend school beyond the first day of school without furnishing the written statement, unless the school gives the parent of the student a waiver or the local health department or a physician determines that the student's immunization schedule has been delayed due to extreme circumstances and that the required immunizations will not be completed before the first day of school. The parent of the student shall furnish the written statement and a schedule, approved by a physician or the local health department, for the completion of the remainder of the immunizations.

The waiver granted by the school may not exceed twenty days.

***IC 20-34-3-2: Religious Objection** A child may not be required to obtain immunizations when the child's parent objects on religious grounds. A religious objection does not exempt a child from immunizations unless the objection is:

- (1) made in writing;
- (2) signed by the child's parent; and
- (3) delivered to the school office.

****IC 20-34-3-3: Exception for Student's Health** If a physician certifies that a particular immunization required by this chapter may be detrimental to a student's health, the requirements of this chapter for that particular immunization is inapplicable for the student until the immunization is found no longer detrimental to the student's health.

REQUIREMENTS FOR TREATING HEAD LICE

A child will not be allowed to return to school for at least 24 hours following discovery of lice in order to give families sufficient time to complete the following requirements.

Treat the individual and the entire family (it may be a good idea to advise extended family including grandparents, etc. if they have frequent contact).

PROCEDURE

Treatment requires using an over-the-counter or prescription medication. We strongly urge you to contact your family physician.

1. Remove all clothing.
2. Apply lice medicine, also called pediculicide, according to label instructions. If your child has extra long hair, you may need to use a second bottle. **WARNING:** Do not use a conditioner or combination shampoo/conditioner before using lice medicine. Do not re-wash hair for 1-2 days after treatment. Follow the directions on the medication carefully.
3. Have infested person put on clean clothing after treatment.
4. If some live lice are still found 8-12 hours after treatment, but are moving more slowly than before, do not retreat. Comb dead and remaining live lice out of the hair. The medicine sometimes takes longer to kill the lice.
5. Nit (head lice egg) combs, often found in lice medicine packages, should be used to remove nits and lice from the hair shaft. Many flea combs made for cats and dogs are also effective.
6. If, 8-12 hours after treatment, no dead lice are found and lice seem as active as before, the medicine may not be working. See your health care provider for a different medication and follow their treatment instructions.
7. After treatment, check, comb, and remove nits and lice from hair every 2-3 days.
8. Re-treat in 7-10 days.
9. Check all treated persons for 2-3 weeks until you are sure all lice and nits are gone.

Follow these steps to treat the household:

1. Machine wash all washable clothing and bed linens that the infested person touched during the 2 days before treatment.

2. Use the hot water cycle (130 degrees F) to wash clothes.
3. Dry laundry using the hot cycle for at least 20 minutes.
4. Dry clean clothing that is not washable (coats, hats, scarves, etc.).
5. Store all clothing, stuffed animals, comforters, etc. that cannot be washed or dry-cleaned in a plastic bag and seal for 2 weeks.
6. Soak combs and brushes for 1 hour in rubbing alcohol, Lysol, or wash with soap and hot water (130 degrees F).
7. Carefully vacuum the floor and all furniture.
8. Do not use fumigant sprays, as they can be toxic if inhaled.

ADVERTISING IN THE SCHOOLS

The Board of School Trustees of the Metropolitan School District of Mt. Vernon recognizes that business and cultural organizations make available for public use much information which is of great value in advancing student education. Much of this information is not available through other sources.

The Board also is aware, however, that schools are public institutions, fully supported by taxes, and that it is clearly a duty to protect students and their families from exploitation by private interests.

Drawing a definite line between what is acceptable for school use and what is not is impossible. Obviously, each situation must have individual consideration, and the judgment of responsible school officials must be the decisive factor.

The Board recognizes the need to raise funds to support extra-curricular student activities since these activities cannot be provided from tax funds. Thus, advertising in student publications and on athletic programs is needed to provide financial support.

Therefore:

It is the policy of the Board of School Trustees that commercial advertising is permitted only when the purpose is to benefit the students of the school district under the following conditions:

- I. The schools may permit commercial advertising on school premises on instructional materials and on student publications provided that:
 - A. Advertising must be incidental to the use of the materials and may not promote the interest of any commercial, political, or other non-school agency, individual, or organization.
 - B. Films may be used bearing only the credit to the sponsoring or producing organization.
 - C. Demonstration of educational materials and equipment is permissible upon arrangement with the building principal and/or the Assistant Superintendent-Instruction.
- II. The schools may cooperate in furthering the work of any community wide social service agency provided that:
 - A. Such agency is approved in advance by the Superintendent of Schools.
 - B. Such cooperation does not restrict or impair the educational program for students.
 - C. Such cooperation may not infringe upon or diminish the amount of time devoted to student instruction.
 - D. Materials with advertising displayed used for instructional purposes are to be screened in advance of use by appropriate professional personnel and approved by the Assistant Superintendent-Instruction. Such materials may be used to supplement the curriculum not as a new area of instruction.
- III. Solicitation of commercial advertising from businesses or individuals by school personnel or students for the purpose of providing financial support for school sponsored extra-curricular activity programs is permissible when approved in advance by the building principal. Advertisement (other than clothing brand names) on school uniforms is not permissible.

OPERATIONAL PROCEDURE

1. Use of student instructional time is prohibited.
2. Fund raising activities are governed by Policies 313, 313.1, and 313.2.
3. Information may be made available to students in the office but not distributed in classrooms.
4. No student is required to participate.
5. Information may be made available at a table designated for that purpose under the following conditions:
 - A. The principal may permit organizations approved for distribution of information to set up a table area to distribute information to students.
 - B. The principal shall designate the place where the table may be set up.
 - C. The principal shall designate time(s) when distribution will be permitted.
 - D. The principal shall have the right to inspect and approve all materials prior to distribution.
 - E. The requesting agency shall request permission and submit materials to the principal three (3) school days prior to the requested date for distribution.
 - F. The requesting agency shall be responsible for arrangements for the set up of the table and clean up following distribution.
 - G. Teachers shall not be required to supervise the distribution of materials. Teachers will need to supervise students not involved or not interested.

Note Disclaimer: Permission to post or distribute materials or to conduct activities does not constitute an endorsement of the materials, the activity, or the community organization by the Metropolitan School District of Mt. Vernon.

PESTICIDE PROCEDURES NOTIFICATION

The M.S.D. of Mt. Vernon is committed to providing parents, students, and employees a safe environment.

A policy was adopted by the M.S.D. of Mt. Vernon School Board, which seeks to prevent persons in our schools from being exposed to pests or pesticides.

The School Corporation is working with a pest control company utilizing an integrated pest management program to treat and control pests. This program is accomplished by glue boards (as both monitors and traps) and baiting techniques for attracting and trapping pests. The traps are not harmful to humans and any bait used is not accessible to anyone.

To further protect persons from pests and pesticide the School Corporation will:

1. Apply pesticides utilizing certified pesticides applicators only, and when possible, apply pesticides during non-instructional time or during vacation periods.
2. Inform, annually, parents and staff members of the corporation's pest control policy either at the time of student registration, or at the beginning of the school year, by a separate memorandum or as a provision in the student handbook.
3. Provide the name and phone number of the person to contact for information regarding pest control, (Mr. David Frye, Administration Office, 838-4471.)
4. Establish a registry of parents and staff members who want to receive advance notice of all pesticide use and then provide such notice.
5. Provide notice of planned pesticide applications to parents and employees who have requested advance notice.
6. Maintain written record for 90 days of any pesticide applications as submitted by pest control applicators. (Same records will be maintained by the pest control companies for five (5) years.)

Anyone who would like to be notified of any pesticide applications may contact the principal's office and make such a request in writing.

A list of those persons who wish to be notified will be maintained in each building and will be notified at least two (2) days before any application is made.
